Respected Friend
Anne Warren Weston

WESTON
MSS.

Thy communication was duly received and the next time I was in Boston I called at Mrs. Elliots. and enquired for her. handing her the note thou enclosed to me. after reading it she showed me ~~on~~ the picture all framed hanging in one of the parlors. I hesitated about taking it. and finally concluded to leave it and write thee again. (It being framed I did not know as Mrs. Chapman would like to part with it. but I think that it might be the means of doing much good were it placed in Worcester for exhibition, at the Anti Slavery meetings and conventions as there is none here. Will thou please write me again and inform me whether it would be perfectly satisfactory for me to take it. if so. I will call again for it soon, I will willingly pay the expense of the frame, Thine very Respectfully

Thomas. Earle
